

Three Settlements. Two Ways to Qualify. One Call to Find Out.

Two plan-side settlements totaling \$713 million are accepting claims now, with deadlines this fall, and more than \$35 million in provider-side settlements is moving through approval.

TWO WAYS YOUR ORGANIZATION MAY QUALIFY

Self-Funded Health Plan Sponsor

Organizations that sponsor self-funded health plans may have recovery rights related to covered prescription drugs.

Hospital, Clinic & Pharmacy Operations

Purchasing entities may be eligible based on how drugs were purchased, dispensed, or administered.

\$ 533 Million

Generic Drug End-Payer Settlement

Self-Funded Health Plans

Self-funded prescription plans (or the legal entities that bore member prescription costs) that paid for covered generic prescriptions. Excludes insurer paid (fully insured) prescriptions.

May 1, 2009 through
Dec. 31, 2019

DEADLINE: 11/9/2026

\$ 180 Million

Opioid Third-Party Payor Settlement

Self-Funded Health Plans

Self-funded medical or prescription plans that paid for prescription opioids, or for the medical care of covered members with qualifying opioid use disorder diagnoses.

January 1, 1996 through
June 16, 2026

DEADLINE: 12/1/2026

\$ 35 Million+
(In disclosed settlements)

Generic Drug Indirect Reseller Settlements

Hospitals, Clinics, and Pharmacies

Hospitals, clinics and qualifying independent pharmacies that purchased covered generic drugs for dispensing in qualifying states. Self-funded status is not required.

January 1, 2010 through
March 5, 2024

**FINAL APPROVAL HEARING:
11/17/2026**

ACT NOW: FIND OUT WHAT YOU MAY BE OWED.

DCAP Claims provides a free, confidential preliminary eligibility review to identify which opportunities and claimant entities apply, then handles the data, filing and follow-through to distribution.

NO RECOVERY. NO FEE. NO UPFRONT COST.

DEADLINES ARE FIRM

November 9 and December 1 are weeks away, and late claims are generally not accepted.

THE RIGHT ENTITY MATTERS

Eligibility depends on which legal entities bore the costs; we help identify every claimant that may apply.

COLLECTING RECORDS MAY TAKE TIME

The opioid claim draws on pharmacy and medical data going back to 2008.
