

Evelyn Seabrook
PRESIDENT's MESSAGE

When it seems as though we have accomplished little, we only must count the remarkable number of recent events and those yet to come. Nationally, NARFE has enhanced its magazine and has won acclaim as a very valuable publication. FED Hub continues to increase its membership base. The National Conference held in Scottsdale, Arizona exemplified perfection. Grassroots garnered enthusiastic participation and the National election was completed without a runoff being necessary. Much applause is due to all NARFE members who actively participate in ongoing events. Applause is also due to those who actively support NARFE in ways most suitable for them. NARFE Florida thanks you.

NARFE Florida now introduces to you the newly elected members who will carry the mantle forward in a most beneficial way. Our newly elected President is William "Bill" Shackleford, a retired FBI specialist, hailing from Centreville, Virginia. Our secretary/Treasurer Kathryn Helmsley ran unopposed and will guard NARFE's funds for the next two years. Our new Regional Vice President is Hue "Lynn" Harper from Georgia who has faithfully and energetically served NARFE for many years. We wish our new officers the very best during their tenure. E also want to thank all candidates who gave of their time and talents to share their ideas on moving NARFE forward. They are each winners in their own right and we may hear from them again.

NARFE Florida anxiously awaits their Conference being held Thursday, October 13, 2022, through Saturday, October 15, 2022 at the Embassy Suites Hotel, Jacksonville, Florida. Members of the Executive Board and Conference Committee have been feverishly working to bring our members a memorable and rewarding event. We look forward to our members supporting this effort and attending as well.

By the end of 2022 we will have many more accomplishments and events to share and we ask that you let us know about them.

Signing off,

Your NARFE Florida President

Evelyn Seabrook, NFI
