

How to Contact Congress about Issues

By
Legislative Chair
Sardebra Wright

- Members can access a letter online for all issues to send to their Congressional representatives. Go to Advocacy on the National website and then select Legislative Action Center and choose the issue you want. You can also craft a letter telling your own story if you choose. I have supplied information for our Florida Senators. Anyone who needs information for their House Representative can contact me at sardebrawright@gmail.com
- Senator Marco Rubio
- contact information: 850-599-9100 (Tallahassee)
- Committees : Appropriations, Foreign Relations, Select Intelligence, Small Business & Entrepreneurship, Special Aging
- Senator Rick Scott
- contact information: 850-942-8415 (Tallahassee)
- Committees: Armed Services, Budget, Homeland Security, Governmental Affairs, Special Aging

Below is a sample letter provided by NARFE National to everyone wishing to contact them. Florida Senators are Rick Scott and Marco Rubio

As your constituent, a retired federal employee, and a member of the National Active and Retired Federal Employees Association (NARFE), I want to thank you for cosponsoring the Social Security Fairness Act of 2023, H.R. 82/S. 597.

H.R. 82/ S. 597 would end unfair policies that significantly reduce or eliminate earned Social Security benefits for myself, and millions of other federal or state and local government retirees, simply because we earned a pension from our public service. WEP reduces the primary Social Security benefit, earned separately through covered (e.g. private sector) work. GPO reduces spousal and survivor benefits by two-thirds of a government pension earned through work in a system separate from Social Security. Our Social Security benefits were earned through hard work, and we deserve the full amount. Thanks again for cosponsoring the Social Security Fairness Act of 2023.
