

Club Summer News

Looking for some extra summer reading/comprehension practice? If your student was enrolled in the AR club this school year (all students who were in 1st & 2nd grade, AR club members 3rd-7th grade) they can continue, through the summer, accessing the AR program at home. In this way, they can continue reading books and taking comprehension quizzes to keep their skills sharp. This can provide an opportunity for additional reading and vocabulary/comprehension practice over those long summer months. This “summer session” for AR will begin on 5/22 and end on 7/15.

As this is meant only to provide extra practice to those who are interested, any points awarded during this time period, May 22-July 15, will not be eligible for any awards. Also, any points earned during this time period will not be carried over to the first quarter of the 2020-2021 school year.

As a way to get your student involved, parents may consider planning their own incentive program. Set a point goal or number of quizzes passed goal for your student and reward them with ice cream/snowball, a trip to the park, get out of chores day pass, etc.
