Prayer

LSBB Identity - The group discussed cementing in the eyes of ourselves and the community that LSBB is a project of Bethesda Lutheran Church, rather than a separate entity.

Finances - A number of connections have been made with both grant sources and people in the community knowledgeable on grant writing. The group decided that identifying specific, fundable projects will be important going forward.

Housing - A number of contractors, including plumbers and electricians, have been approached about working on the basement project, and Paul, Doug, Mike, and others will be following up on these leads.

Education - Oliver continues to thrive in Bayfield school

Misc - The group revisited the idea of getting a local paper to run a story about LSBB to increase awareness, drive fundraising, and foster involvement.
