treatment plan, and even a prescription  
24 hours a day, 365 days a year for  
symptoms related to:

- Cold/flu
- Allergies
- Sore throat
- Conjunctivitis
- And more!

## Simple ways to stay healthy.

Following these rules will help  
reduce your risk of getting sick.

You can reduce your risk of catching the  
Coronavirus or the flu by washing your  
hands frequently or using hand sanitizer.  
Avoid touching your nose, eyes and mouth  
with unwashed hands. Don't get too close  
to anyone who shows signs of illness and  
stay home if you're feeling ill to avoid  
spreading the virus to others.
