PHILADELPHIA GAS WORKS
800 West Montgomery Avenue • Philadelphia, PA 19122

NOTICE OF CONSTRUCTION

November 4, 2026

Dear Business Owner/Resident,

PGW, in conjunction with Danella contractors, is expected to start Project NBMS-3417 in your neighborhood on November 4th, 2026. This work is slated to conclude by December 11, 2026, weather and other conditions permitting.

In general, nightly work hours are Monday to Friday, 7 p.m. to 5 a.m. *"No Parking"* signs will be posted on impacted streets in advance of all work. Vehicles must be removed where marked before work begins each day.

In order to safely and efficiently conduct this important work, there will be a full vehicular closure of 18th Street between Cuthbert Street and Commerce Street. There will also be a partial lane closure of JFK Boulevard at 18th Street. One lane of vehicular traffic and all bicycle lanes will remain open on JFK Boulevard for the entirety of the project. Market Street traffic will remain unaffected by this project. The parking lane on 18th Street between Commerce Street and JFK Boulevard will be impacted and closed for the duration of this project.

We recognize the impact that this may have on traffic conditions, and we appreciate your cooperation as we work to improve the safety and reliability of natural gas service in Philadelphia.

PGW is committed to providing our customers with optimal natural gas service. Through our pipeline construction, we ensure efficiency, quality, and continued upkeep of gas delivery throughout Philadelphia.

Once our work is completed, we will restore all roadways and sidewalks to their original conditions dependent on optimal temperature conditions and as weather permits.

Should you have any questions or concerns, we are here to answer. Feel free to speak to a PGW representative on the worksite, contact PGW Public Affairs at 215-684-6880 or email us at feedback@pgworks.com.

Thank you for all you do to serve others, and we look forward to serving you.

1836 2026 PGW 190 YEARS OF SERVICE
