

**CCRA's Finance Committee had an unexciting year.**

And that's probably for the best. We spent another year accounting and reporting on revenues and expenses, assets and liabilities, and fund balances. We also produced annual budgets and mid-year reforecasts and oversaw the independent review of our financial statements and the preparation of tax and other government filings. Everything went pretty smoothly. Maybe we'll have more excitement this year. Not sure that would be a good thing.
