**Retirement Announcement – Marian Wilcher, Executive Director
All Saints Early Learning Center**

Dear All Saints Parents and Families,

With a heart full of gratitude, I want to share that I will be retiring from my role as Executive Director once a new director has been selected. After 22 wonderful years of serving the children and families of All Saints Early Learning Center, I feel it is time to begin a new chapter in my life.

It has truly been one of the greatest blessings of my career to partner with you in nurturing, teaching, and caring for your children. Over the years, I have watched your little ones grow, explore, learn, and become confident, curious individuals. Those moments, big and small—have filled my days with joy and purpose. I am deeply grateful for the trust you have placed in me and in our center. I will be leaving toward the end of November.

Thank you for welcoming us into your families. Many of you have entrusted multiple children to our care, and you have recommended siblings, cousins, friends, and neighbors to join our community. Your support and partnership have strengthened our center and made our work meaningful. What a blessing it has been to serve your families.

I also want to reassure you that All Saints will continue to thrive. Our Board of Directors is actively searching for my successor, and I have full confidence in their leadership and discernment. Our dedicated staff remains committed to providing the loving, safe, and high-quality environment your children deserve. The mission, heart, and excellence of All Saints will remain strong.

During this transition, I will continue to support the center and assist in training the new director to ensure a smooth and successful handoff. Please feel free to reach out to me with any questions.

I will always carry your family in my heart, and I am grateful for every moment we have shared over these 22 years.

With sincere appreciation,

A handwritten signature in cursive script that reads 'Marian Wilcher'.

Marian Wilcher

Executive Director
