

Indiana Health Coverage Programs Enrollment Trend Highlights – March 2026

IHCP Program Membership:

Total Membership decreased in March. With **1,589,575** members, there were **18,448**, or **1.12%**, less members in March 2026 than in February 2026. Total Membership has fallen every month for an entire year.

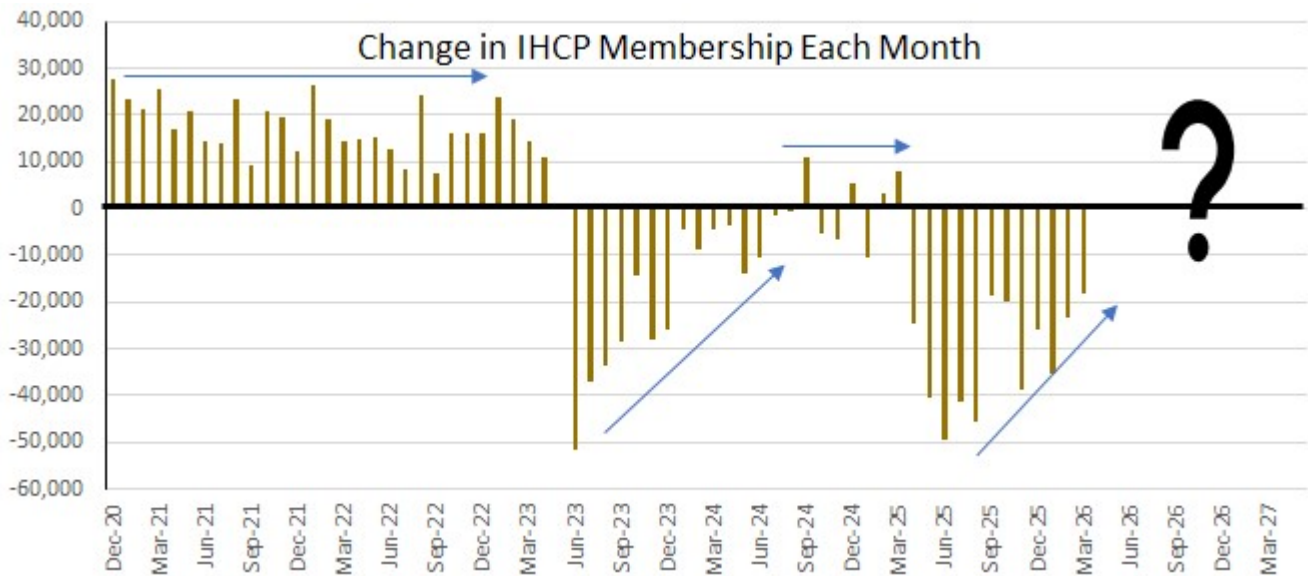

Category Membership:

Three of the five major categories increased in March. FFS added 596 members, posting the largest gain. HIP & HHW both started March with over 9,000 less members than they had in February.

Insights:

The chart below shows the number of IHCP members added (above) or lost (below) for each month. Left to right, the first section with steady growth, represents the Public Health Emergency (PHE). The second section that starts near the bottom and gradually rises back to positive, denotes the Unwinding from the PHE. The third section, though bumpy, was also relatively steady. Lastly, the fourth section signifies the losses due to the Administrative changes made to the eligibility determinations and appears to be rising.
