

Indiana Health Coverage Programs Enrollment Trend Highlights – June 2025

IHCP Program Membership:

Total Membership decreased in June. With **1,856,272** members, there were **49,381**, or **2.59%**, less members in June 2025 than in May 2025. In the last three months, IHCP membership dropped by over **114,000**.

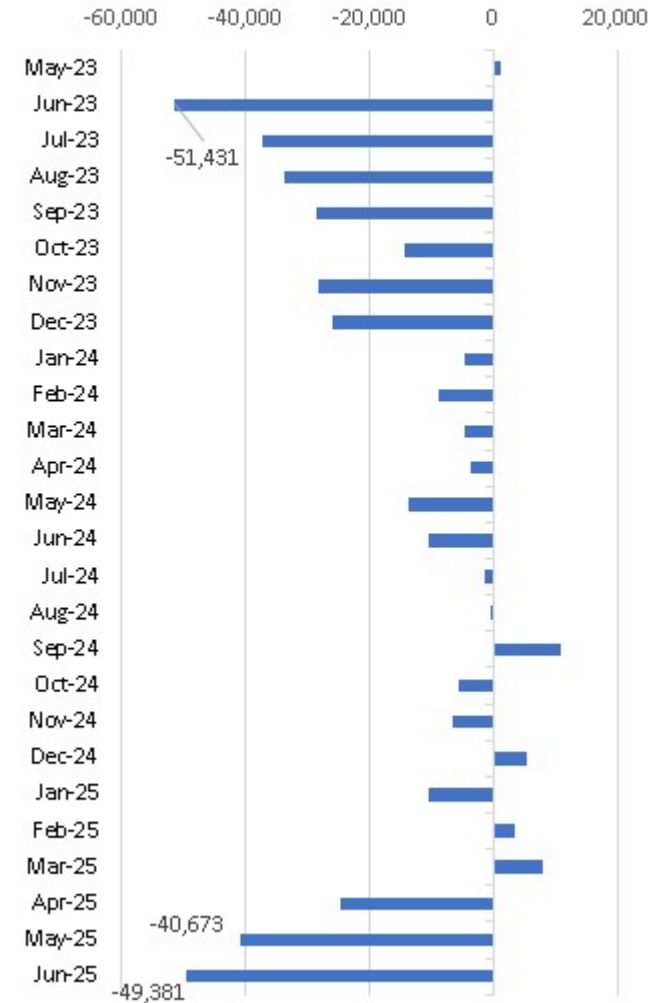

Category Membership:

Membership decreased in three of the five major categories in June. HHW membership dropped the most, losing nearly 4%, over 28,000, of its members.

Insights:

The chart on the right shows the change in membership for each month from May 2023, the end of the Public Health Emergency (PHE), to June 2025. The three months that recorded the largest drops in membership were June 2023, May 2025 and June 2025. The end of the PHE led to the large drops in 2023. At this point in 2025, there has been no significant policy change that easily explains the steep drops in membership IHCP experienced in the second quarter of 2025.
