Non-compliant guests will face penalties including denied boarding, return of the aircraft to the gate to offload the passenger and the suspension of travel on any WestJet Group aircraft for up to one year.

UA, DL AND AA WILL NO LONGER CHARGE CHANGE FEES FOR US DOMESTIC ITINERARIES

The four largest U.S. airlines will no longer charge change fees for domestic itineraries, after American Airlines and Delta Air Lines joined United Airlines in ending the \$200 charge, a target of consumer ire for decades. Though each airline has a slightly different policy — American's is most customer-friendly — the trio now roughly matches the standard at Southwest Airlines, which has never charged for changes.

AFKL GDS REFUNDS - REOPENED!

The GDS direct refunds for AFKL has re-opened for Canada as of September 1st, 2020.

This means that new refund requests should be done via the GDS. If the customer does not want to wait for the refund that was initially requested via BSPlink, it is now also possible to re-request a refund via GDS that has not yet been processed.

The Refund Application (RA) will still be applicable for the more complicated refund requests and for the vouchers (EMD CDET), according to the general standard airline refund policy.

When requesting a refund via BSPlink, you must always enter the active ticket number. In case you do not have this information (ex, AF/057 had reissued your original KL/074 ticket or v.v) you can contact Helpdesk (1-888-345-7587) to obtain that new ticket number.
