

# New on WHILBR

4-H boys of Allegany and Garrett Counties from 1914 to 1931 are featured in a new **collection** on Whilbr.

The University of Maryland Extension of Allegany County provided these photographs which show the agricultural scene of the county, including:

- 4-H Club boys
- Club members on auto
- Farmers and their fields
- tours across the county
- Varied farm animals

Since the 4-H camp was shared between Allegany and Garrett, boys from both counties may be seen in camp activities.

**John Armstrong from Potomac Valley 4-H club holds a crate of baby chicks in 1929.**
