- My past professional experience has primarily included working as a teacher and coordinator with children and individuals with developmental disabilities.
- I went to Frostburg State University and graduated with a B.S. with a major in Psychology and Minor in Sociology.
- Born in Altoona, PA and moved to Western MD in the 4<sup>th</sup> grade where I have lived since.
- I enjoy crime shows, motivational books, biographies, playing cards, and hanging with good friends and family.
- My favorite vacation was to Orlando, FL ,visiting Sea World and Universal Studios, and I would love to get my kiddos to Disney soon.
- Children's books have always been my favorite - especially books with good rhythm such as Llama Llama books and Dr. Seuss.
- My favorite place to be is at home in my backyard. I especially enjoy hosting cookouts.
