Reserve Your Hotel Room with the Right Dates – Step-by-Step Guide

Dear Friends,

If you're planning to join us for the 2025 CNH District Pastors Conference and haven't yet reserved your hotel room, we want to make sure the process is smooth for you—especially if you're arriving early on **October 11 or 12**. These dates are included in our reserved room block, but the hotel booking link automatically populates October 13–15, which might not match your travel plans.

The Hilton website isn't the most intuitive, so we've created a **simple, step-by-step guide** with screenshots to help you adjust your reservation dates before finalizing your booking.

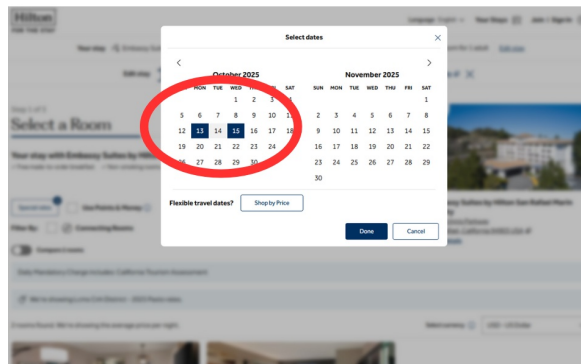

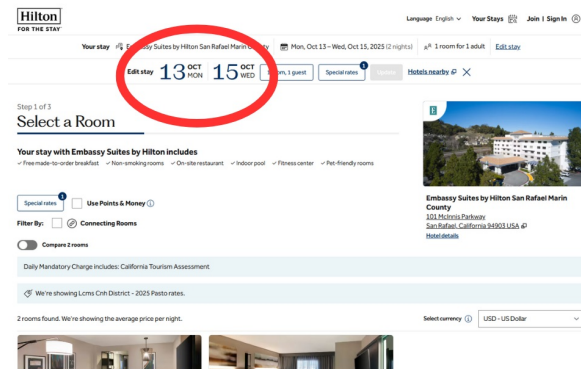

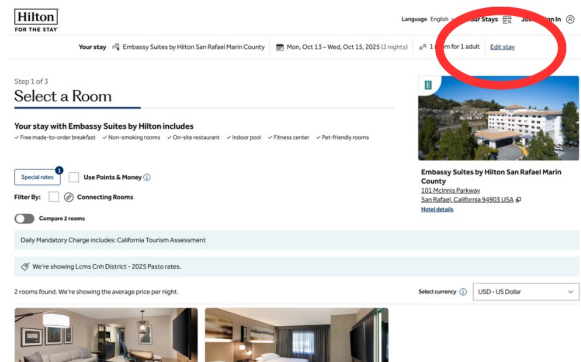

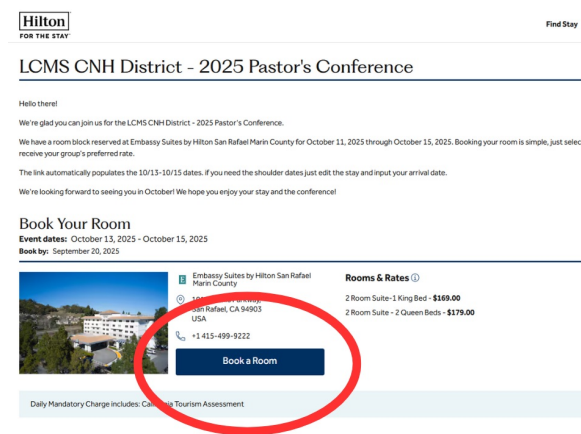

Here's a quick overview of what to do after you click the link:

1) Click "Book a Room" on the landing page.

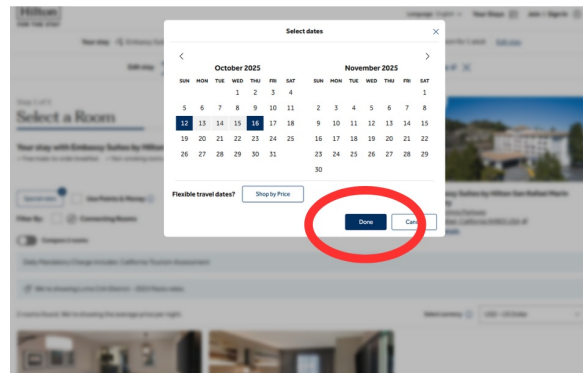

2) In the upper-right corner, click the "Edit Stay" button.

3) Click on the date numbers that appear.

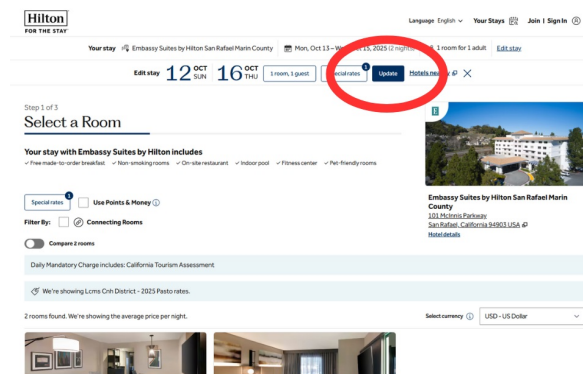

4) Select your arrival and departure dates using the calendar popup.

5) Click "Done"

6) Then click the blue "Update" button to refresh the page with your new dates.

7) Proceed with the reservation and billing process as usual.
