WHAT IS THIS WEEKEND ABOUT?

Another Men's Retreat?

"Dear Lord, do we really need another retreat for men?"

No! We need something else. We need permission. Permission to be what we are- men made in God's image. Permission to live from the heart and not from a list of "should" and "ought to" that has left so many of us tired and bored.

We offer this retreat, not as 7 steps to being a better Christian man, but as a safari of the heart. Our goal is to help men get their heart back and recover a life of freedom, passion, and adventure.
