INVESTMENT PHILOSOPHY

We are an international financial services firm with more than thirty years of experience in capital markets. We offer wealth management services for high and ultra high net worth individuals through the structuring of discretionary investments portfolios. Our investment philosophy consists in preserving and enhancing our clients' purchasing power without exposing their assets to unnecessary risk. Investing with a long-term horizon results in lower turnover, transaction costs and taxes. We believe in the power and inevitability of change, and we recognize the cyclical and volatility of the economy and capital markets. As a result, our investment process is proactive and responds with different policies and strategies to achieve superior long-term returns.
