To Our Summer Students and Summer Student Parents:

Welcome to 317 Main Community Music Center's summer session!
This year, we are offering both online and in person classes/lessons in July and August. **If you or your child is registered for one of our outdoor classes under the tent or an indoor piano class, we'll ask you to adhere to the following safety measures to minimize the risk of contracting or spreading the COVID-19 virus.**

- Please wear a mask or face shield at all times at 317 Main. (masks not required for children 5 and under.)
- Please use hand sanitizer or wash hands at our handwashing station outside the tent before and after class.
- Please maintain a 6 foot distance from other students and teaching artists.
- Please practice good hygiene by coughing and sneezing into your arm and not hands.
- Please refrain from coming to 317 Main if you and/or your child have a cough, tightness in your chest and/or have a temperature of 99.6 or higher.
- Please refrain from coming to 317 Main if you have traveled from high risk states into Maine in the last 14 days including Texas, Florida, and Arizona. (We will accept proof of a negative COVID test if you have travelled out of state recently.)
- Please plan to use the bathroom at home prior to coming to class. 317 Main's bathroom facilities will not be available for use except in clear emergencies.
- Please refrain from sending food with your child to minimize potential exposure through sharing of food. Students may bring a water bottle, but refrain from sharing.
- Only students should be on premises during class time. Parents/caregivers should plan to drop off/pick up students promptly. Because the classes are taking place outside behind our building, please consider using the parking lot next to the Masonic lodge.

Before the start of your first class, please read and sign our **Acknowledgement of Risk** form. (You may print the attached form and bring it with you or we'll have a form available for you to sign before the first class.)

Additionally, all on-site students will be asked a short series of health screening questions prior to each class either by a screener or their teaching artist. Thank you for helping to keep our community healthy and we look forward to seeing you soon.
