Syverson Strege Client Portal Bookmark for Apple and Android Phones

We live in a time when keeping up with ever-evolving digital tools can be difficult. Having access to your Syverson Strege Client Portal on your phone shouldn't be! You can easily add a website icon to your phone's Home Screen for quick access to up-to-the-minute information in your Syverson Strege Client Portal. A bookmarked website URL added to your phone's Home Screen looks exactly like an app. When opened, it will take you to your account login page for quick access.

FOR iPhone USERS

1 On your phone, tap on the Safari icon (you need to use Safari browser, not Chrome).

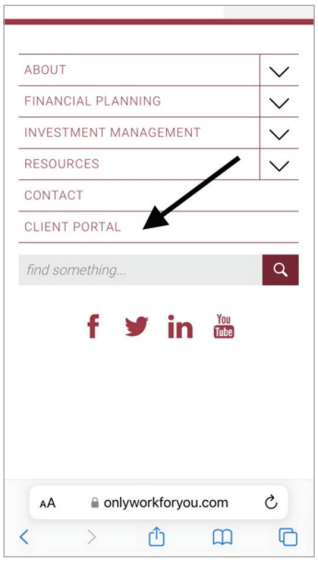

2 Go to the Syverson Strege website - www.OnlyWorkForYou.com

3 Tap on the Hamburger Menu (3 horizontal lines in the upper right-hand corner of the webpage).

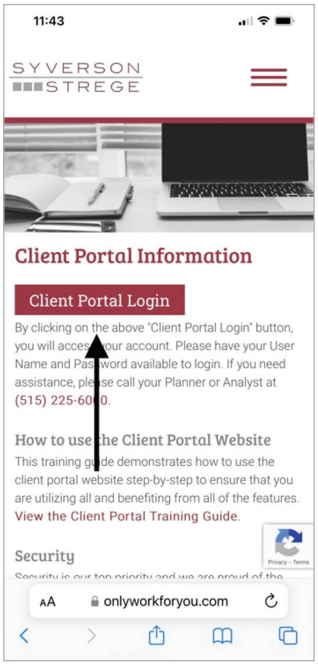

4 Tap on Client Portal.

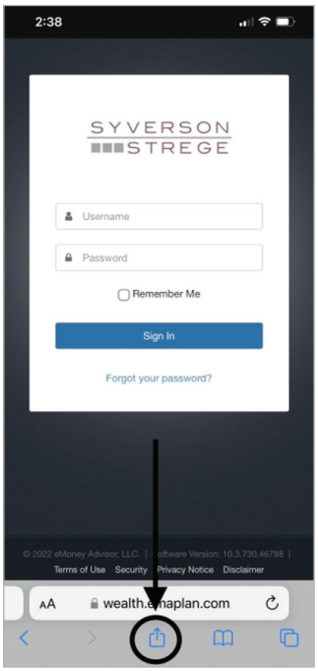

Client Portal Bookmark

SYVERSON STREGE

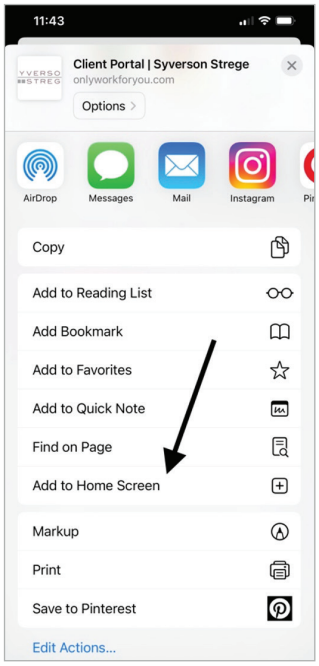

5 Tap on “Client Portal Login.”

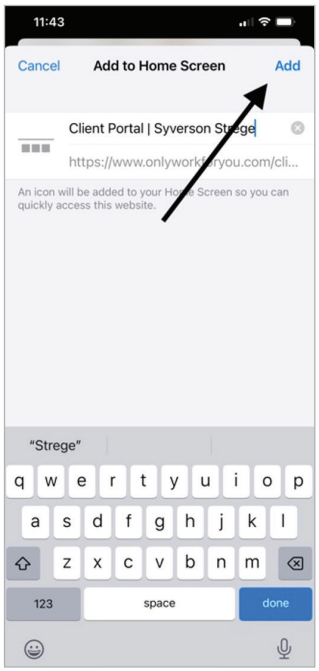

6 Tap on Share Menu icon.

7 Tap on “Add to Home Screen.”

8 Tap on “Add.”

9 On your Home Screen, you should now have a website icon for Syverson Strege Client Portal webpage that looks similar to your other apps. When you click on this icon, the webpage will open directly to your Syverson Strege Client Portal login.

FOR ANDROID USERS

1 On your phone, tap on the “Chrome” icon.

2 Go to the Syverson Strege website - www.OnlyWorkForYou.com

3 Tap the Menu icon (3 dots in upper right-hand corner).

4 Tap on, “Add to Home Screen.”

5 Enter a name for the shortcut (like Syverson Strege) and save.

6 Tap on “Save.”

7 On your Home Screen, you should now have a website icon for Syverson Strege Client Portal webpage. When you click on this icon, the webpage will open directly to your Syverson Strege Client Portal login.
