I'd like to introduce the musical group Simple Gifts and see if you'd be interested in having us present a concert at your church. According to Dr. James Hicks of The Presbyterian Church in Morristown NJ, "Simple Gifts presented one of the finest concerts I have ever experienced at our church, and I've been Music Director here for more than 25 years. They are so accomplished on so many diverse instruments, making it seem effortless."

Simple Gifts has performed at major venues including the Smithsonian, National Portrait Gallery, National Interchurch Center, Bethel Woods, and Lincoln Theatre, as well as dozens of churches and schools. We play a wide variety of folk and world music using about 12 different instruments, and we also offer hands-on workshops for children and adults on world music and instruments. Our repertoire includes artfully arranged Christian hymns in addition to traditional music from Eastern Europe, the British Isles,

Appalachia, Scandinavia, and the Jewish tradition.

Please would you take a moment to watch a demo video at <http://simplegiftsmusic.com/videos.html>
