

ANNOUNCEMENTS & CLERGY CONNECTIONS

Please keep in your prayers:

- From Candy Miller's caring bridge post - Alan had his PET scan on April 30. Unfortunately, we did not get the news we were hoping for. Alan has 2 new lesions in his lungs. One is in the left lung near his heart. The second is in the base of his right lung. He will start chemotherapy 5/13. He will have 4 rounds, 3 weeks apart. Chemo can cause "chemo brain" or foggy brain. This along with his lack of memory with autoimmune encephalitis, we be very frustrating for him. This news has not hit us fully . Please keep him in your prayers. Love to all, Candy

Fall Conference Meeting will be November 2, 2019 at St. John's UCC (Howertown), Northampton
