

You Can Help!

We are so grateful for the generous support we receive from our donors.

The Episcopal Home is an assisted living facility. When an aging individual needs more help than can be provided through community services, but is not in need of a nursing home level of care, then assisted living can be an option. Unfortunately, many facilities will accept or retain a resident only if he or she can pay the full cost out-of-pocket. Medicare is not a funding option because our residents do not require a nursing home. Medicaid does not cover assisted living in PA. Currently, the Episcopal Home provides thousands of dollars per month in benevolent care. The benevolent care fund helps our residents who have outlived their financial resources. With your help, aging individuals can live at the Episcopal Home with peace of mind in a comfortable home-like environment, assisted by a caring, compassionate staff.
