*"The Culinary Tech program has given me confidence and fulfillment that I was making something of myself instead of sitting home collecting Social Security Disability when the virus caused the school to close. I have learned so much from them and my grades show that. I love our assignments, the Easyclass platform, Quizlet, the cooking assignments etc. I learned so much from them". Dennis Delgado (CTC Student -Class Start 3/16/2020)*

# Benefits of On-Line Training

- Keeps students safe from virus exposure
- Helps students stay motivated with a daily purpose through the lock down period
- Allows students to start their career goals instead of staying idle all day

*"I enjoyed every minute of class via Zoom, Voicethread, Quizlet, Easyclass-every forum was easy accessible and easy to learn. Personally, this has affected me so much in a positive way-as you know I have two children and I've sacrificed a lot for my children to make sure they have what they need. Getting up every morning tired and overwhelmed, allowed me to pour back into myself to make me feel like finally I am fulling my dreams of one day becoming a chef. These lessons challenged me to cook things that are terrifying to me. Thanks to Chef Diego for teaching me so much this far and you as well" (Cyraena Pettus-CTC Student Class Start 3/16/2020)*
