

True Balance Air (TBA)

1. One size available: 80" (L) x 36" (W) x 7" (H)
2. Part #: H12088
3. HCPCS code: E0373, non-powered Group II
4. Mattress replacement (not designed to be placed on top of another mattress)
5. Anti-microbial and hypo-allergenic cover
6. Posterior high density foam layer, prevents bottoming-out from occurring
7. Interconnected air cells for even, quiet, non-powered pressure redistribution
8. 8 foam-filled air cells
9. Sloped heel design for optimal heel pressure reduction
10. Standard fire barrier
11. Offers better pressure reduction than a low air loss mattress
12. One year warranty from original date of purchase
13. Optimal weight capacity: 350 lbs.
