

IMPORTANT Information for SNAP Recipients about your February Benefits

Due to the federal government shutdown you will be receiving your February Supplemental Nutrition Assistance Program (SNAP) benefits early. If you received a SNAP benefit in January and were scheduled to receive SNAP in February, your February benefits will be available on your Electronic Benefit Transfer (EBT) card by January 18, 2019.

This is your benefit for the entire month of February. You will not receive your regular February payment on your payment date, so please budget with that in mind.

New applicants should continue to apply for and be determined eligible for SNAP. The Department of Human Services will continue to issue SNAP benefits as long as federal funding is available.
