

## New ONLINE TRAINING 2022/2023

Please follow the links below for In-Class registration and Online Training. Completion of videos 1-8 are a pre-requisite and required to be completed prior to in-class training.

MESCA Academy: <http://mescaacademy.skilljar.com>

Access code: **memit**

Please ensure that you **SIGN UP** first, and then once this is done, you will be able to **SIGN IN** and start the online training.

**Click on:** Technical Training

**Pick:** Residential and Light Commercial

Please see below for link to Videos 1-8.

[Residential and Light Commercial \(skilljar.com\)](http://mescaacademy.skilljar.com)

**The link is monitored by Team MESCA (Mitsubishi Electric Sales Canada) to ensure full compliance of mandatory online training, which must be completed before you can sign up for IN-CLASS TRAINING.**

**For those who are unable to attend the in-class sessions at any time during the training season, a 1-year Technical Certificate course is also available. Please see below for details.**

### 1 YEAR TECHNICAL CERTIFICATION COURSE

[1 Year Technical Certification Course \(skilljar.com\)](http://mescaacademy.skilljar.com)

**(This course is not a prerequisite for in-class training)**

(MEQ certification is included and valid for 12months)

**This course can only be taken once every 2 years, therefore attending an in-class training session is crucial to maintaining a valid technician certification number to ensure you can register units/systems online for the Manuf. extended Warranty.**

**Please Note:** Your new technician number will be available in your profile **24 hrs.** after registration in MESCA Academy.
