

Trevor James Bartholomew passed away on January 21, 2017.

He grew up in Stateline, Nevada, graduating from Whittell High School in 2000, where he played soccer, was a member of the ski team, and was loved by his classmates. His sense of humor and ability to make others laugh was unlike any other. *Oh, that laugh... so contagious!* Whether he was hiking, backpacking, rock climbing Lovers Leap or racing down the ski hill at Heavenly, he loved and longed to be in the great outdoors.

As Trevor aged, he bravely endured life's physical and mental challenges. He cared so deeply about our world. There was a

frustration, hope and an intense drive to make positive changes.

Trevor is no longer with us, but perhaps we can take a bit of his spirit with us and try to make our world a better place, in his name.

He is survived by his parents, Mark and Stephanie, his incredibly loved younger brother Chase, grandparents, aunts, uncles, cousins and many friends.
