Lutheran Church Extension Fund (LCEF)

Term Note Investors: A Friendly Maturity Reminder

Keep track of your maturity date and make the most of your investment!

Thank you for being a valued investor with the Lutheran Church Extension Fund (LCEF)! Your investment not only provides a nice return but also strengthens ministries and advances the mission of the Church. We truly appreciate your support!

A Friendly Reminder About Your Term Note

As an LCEF Term Note investor, it's important to keep track of your investment maturity date. LCEF sends renewal notices 30–40 days before your term note matures, but we know that notices can sometimes be missed.

Ohio Policy – Periodic Consent

In the State of Ohio, periodic owner consent is required when renewing certificates of deposit or term notes.

What Happens If No Action Is Taken?

Your funds remain safe, but they may not be earning as much interest as they could.

If your investment reaches maturity and you do not renew or withdraw the funds, the account may become dormant and be placed into the lowest-paying product.

We're Here to Help - It Only Takes a Phone Call!

LCEF makes it easy to review your options and take action when your investment matures. Please contact our Customer Relations Department by phone to renew your investment or ask questions at 800-843-5233 or you can also reach me directly:

We appreciate the opportunity to serve you and are always happy to help you make the most of your LCEF investment!
