CHAD BIRD: THE CHRIST KEY

UNLOCKING THE MYSTERY OF JESUS IN THE OLD TESTAMENT

September 13: 7-9pm Lecture

September 14: 8:30am-12pm Lecture, with Lunch and Q&A following

Chad will discuss *The Christ Key: Unlocking the Centrality of Christ in the Old Testament*. We might picture the Old Testament as a vast mansion with many rooms: the creation room; the exodus room; the tabernacle, the angel, and war rooms. The key to unlock each of these, and fully understand what God is showing us in them, is Jesus the Messiah. We will take a tour of this Hebrew mansion and see how, in various ways, Jesus is mysteriously present in the life of ancient Israel. We will see him appearing under the guise of "the angel of the Lord." He will give us pencil sketches of himself in men such as Melchizedek and David. He will reveal his mission of sacrifice in the architecture of the temple. The Christ key is God's chosen means of unlocking the Old Testament for us.
