Dear Lutheran School Leaders, Pastors, Educators, and Families,

You are invited to a special presentation introducing the South Wisconsin District's **Living Faith Online Academy**—an academically excellent, Christ-centered learning program for homeschool families and Lutheran school classrooms.

Living Faith Online Academy provides flexible, faith-based instruction that nurtures each student's mind and faith. During the presentation, you will learn how the Academy can support:

- **Homeschool Families:** Flexible, self-paced lessons with clear structure and resources that parents can use confidently at home.
- **K–12 Schools:** A structured curriculum with a complete scope and sequence that can supplement existing instruction, support individual learners, or provide additional course options.
- **Faith-Based Learning:** Lessons taught through a distinctly Christ-centered Lutheran lens, connecting God's Word with learning across subject areas.
- **Teachers and Parents:** Interactive lessons, read-alouds, hands-on activities, assessments, and supporting materials for teachers, students, and families.

The presentation will include a sample lesson, a curriculum overview, possible uses for families and schools, and time for questions.

Date: October 27, 2026
