

**RECYCLING  
ADVANTAGE**

## Helping you earn funds through recycling Ink Cartridges and laptops.

Our company provides a free **Recycling** fundraiser that helps Schools, Churches and Non-profit organizations raise funds. It is a simple program that allows your members, students, and staff to drop their **empty ink cartridges** into a small collection box. It is something everyone has, and they are already coming to your Church/School, so it practically runs itself. It is a great way to earn extra funds for whatever ministry needs you have and help the environment at the same time.

. Empty Ink Cartridges

. Laptops and Cell phones (Optional)

. We provide free collection boxes.

. We Have Posters and flyers to help spread the word of your program.

. Let everyone know through your website, newsletter, and announcements

- To sign up Visit our website <https://recyclingadvantage.com/> or you may call or email us. We also can answer any questions you have.
