

As we fly through fall and friskily approach the holiday season, I wanted to introduce our division of Diversity and Inclusion as one of the newest committees of the PTA. Here at Westlake Elementary school we want to initiate this unit to make all the wonderful cultures and backgrounds feel welcome and come together as one united neighborhood. We encourage parents, grandparents, guardians of under-represented groups to join our PTA. Let your voice be heard!

Westlake is a diverse community and our new elementary has not only brought the four small schools together, it has combined our different ethnicities, languages, practices, mental, emotional, psychological and physical disabilities, learning styles, geographic residence, cultural heritage, educational level and more, therefore our PTA should reflect our diversity!

More information will be coming from our committee soon. Please reach out if you would like to join the committee or to share ideas of interactive ways to educate and bring our community closer together.
