

Perspective: Sharing Cultural Heritages

Celebrating the cultures of Poland!

During the month of January we will be celebrating the many cultures found in the country of Poland! Families who have cultural items or pictures they would like to share, may drop them off in the office. They may also be given or email to Mrs. Gedeon. All items will be secured and returned to you!

Thank you to the families who generously shared artifacts from the country of India during the month of November! Inquiring students loved making a connection with your culture!

If you would like to share, please email Mrs. Gedeon, our ESL teacher, at gedeons@wlake.org, call her (ext. 2206) or stop by the Office!
