

Make your child's next birthday a Ninja Warrior birthday party at Hurakane Alley!

It's Fun!

Your birthday guests will have a great time climbing, jumping, traversing, flipping, rolling and just having fun being kids. At Hurakane Alley you're not only allowed to scale the walls and climb and jump on the furniture, it's encouraged.

It's Easy

No set up, clean up, or worries about what to do. It's an experience that you and your child will enjoy and remember for years to come.

What is Parkour?

Parkour is a method of physical training that develops one's ability to overcome obstacles (both physical and mental). Parkour includes running, climbing, swinging, vaulting, jumping, rolling and other movements suitable for different situations. Parkour involves seeing one's environment in a new way, and imagining the potential ways for navigating through it.

What does a party package include?

Your child's party will begin with 90 minutes of fun and safe supervised activity in the Hurricane Alley Parkour and Obstacle Course Race Training facility.

After the activities are over, you will have another 30 minutes in our party room to celebrate your child. We will supply all the tables and chairs. You will have access to the room prior to the party if you wish to decorate.

What does it cost?

The basic party package is \$249 and includes the birthday child and up to 10 additional participating guests. Each additional participating guest costs \$20 per person.
