

# Getting your cover on: Cover crop seeding methods Field Day

**August 31, 2017 | 5:30—8:30 p.m.**  
***Hosted by John Peck***

Learn about different cover crop establishment methods local farmers are trying, research results from Iowa Learning Farm's seeding techniques project, and cost share opportunities that are available for cover crops.

Field day will start at the Jefferson County Activities Building (2606 West Burlington Ave. Fairfield, IA) for a welcome and complimentary supper. Following the meal, we'll travel to John Peck's farm to learn more about different cover crop seeding methods.

*Speakers include: John Peck, local farmer; Lanessa Baker, Cedar Creek Watershed Coordinator; Miranda Haes, Lower Skunk River Watershed Coordinator; Liz Juchems, Iowa Learning Farms Field Research Coordinator; and Rebecca Vittetoe, ISU Extension Field Agronomist.*

For more information or to RSVP contact the Jefferson County Extension office at 641-472-4166 or Rebecca Vittetoe at 319-653-4811 or [rka8@iastate.edu](mailto:rka8@iastate.edu). Please RSVP by August 28.
