### What is Mokena Emergency Services and Disaster Agency?

Mokena Emergency Services and Disaster Agency (ESDA) provides a variety of emergency services for the safety of the citizens of Mokena.

This includes traffic direction, mobile lighting, search and rescue, severe storm monitoring, communications, security, and more.

Mokena ESDA responds any time of the day or night. ESDA also coordinates response to major emergencies and disasters, maintains the Village's outdoor warning siren system, and performs other functions to help the Village and its residents prepare for disasters. Not only does ESDA provide for Mokena, it also serves mutual aid assistance to our neighboring communities.

ESDA is staffed entirely by volunteers. ESDA members train, keep equipment in a state of readiness, and respond to emergencies when called upon. They also provide their services at community events for the safety of the public.

All of their time, approximately 1,500 hours a year, is provided at no cost to the residents of Mokena.

### ESDA Mission Statement

To provide and promote safety to the community in efforts with the Mokena police and Fire Departments
