from the **Supervisor**

Congratulations, Chili!

Recently, the Town of Chili was recognized as a Town of Excellence by the New York Association of Towns. The Town of Excellence Program recognizes municipalities that demonstrate outstanding leadership, innovation, and commitment to their communities. Towns are evaluated across several categories, including economic development, sustainability and sound planning, community engagement, quality of life, governance and transparency, and workforce development.

As I see it, Chili measures up in many ways.

Our one-of-a-kind Community Center was designed and built to provide free and low-cost programs and activities for residents of all ages and abilities. We have made a strong commitment to ensuring that our community remains welcoming, accessible, and active for everyone.

We continue to invest in making Chili more walkable by adding sidewalks throughout the community. Improvements to our parks—including the addition of a spray park, an outdoor fitness court, and new playgrounds—have created more opportunities for recreation and family activities. Honoring our veterans with the construction of a new Veterans Memorial was another long-overdue and meaningful project for our town. In addition, renovations to Town Hall have improved accessibility in the areas most frequently visited by residents.

These are just a few of the many improvements that help make the quality of life in Chili second to none.

Enhancements to our website have increased transparency and made it easier than ever for residents to stay informed. Budgets, agendas, and meeting minutes are readily available, and video recordings of Town Board and Planning Board meetings allow those who cannot attend in person to stay up to date with what is happening in their

community. In Chili, there are no closed doors—residents are always welcome to stop in, call, or email with questions or concerns.

Chili has also experienced meaningful industrial growth in recent years, creating new jobs and strengthening our tax base. Much of our commercial growth has taken place within existing vacant buildings, helping to limit commercial sprawl. While residential growth has slowed since the boom of the 1980s, new housing continues to be developed, further supporting our local economy and community.

Chili remains one of the most affordable towns in Monroe County, with one of the lowest tax rates and moderate property values. This is made possible through conservative budgeting and responsible spending. Our Financial Director provides exceptional financial guidance and long-term planning, and the Town consistently receives excellent reviews through independent audits and reviews by the State Comptroller. We have also continued to remain at or below the State Tax Cap.

There is so much more that makes Chili a Town of Excellence, and I am truly honored to serve you and this great community.

As always, I look forward to continuing to serve our residents. With warmer weather on the way, I hope everyone has the opportunity to get out and enjoy all that Chili has to offer.

If you have any questions, comments, or concerns, please feel free to stop into my office, give me a call at (585) 889-6111, or email me at ddunning@chiliny.gov.
