

## SHS Parent Group

# Amazon Fundraiser

**The Stoughton High School Parent Group is pleased to announce an easy, ongoing fundraiser through Amazon to use for SHS scholarships.**

We have joined with the Amazon School Rewards Program and set up an affiliate account. Our school receives 4-15% of any purchases made on the Amazon site through the link:

**Bookmark this link:** <http://goo.gl/f3oTfN>

IT IS THAT EASY! Each time you wish to purchase something on Amazon, you access their website through this link, and then use your own login and personal account information.

**Please share this link with family and friends, ANYONE can go online and use it. The more it is used the more we raise for future scholarships!**

To learn more about the Amazon School Rewards Program please visit: [goo.gl/tEogkV](http://goo.gl/tEogkV)

If you have questions please email  
[elise.mclaury@stoughton.k12.wi.us](mailto:elise.mclaury@stoughton.k12.wi.us)

**THANK YOU FOR YOUR CONTINUED SUPPORT**

# Yoga Classes

All levels are welcome to attend these free classes offered by Stoughton Yoga. Please bring a yoga mat or large towel. Chairs are available for those who have trouble getting up and down off the floor. All classes are held at Stoughton Hospital in the Bryant Health Education Center (lower level).

To register for any of these free classes, please go to [stoughtonhospital.com](http://stoughtonhospital.com) and click on "Classes & Events." Questions? Please contact Sonja at 873-2356.

## Intro to Yoga

*Saturday, September 15th, 11a.m. - noon*

*Saturday, September 29th, 11a.m. - noon*

This beginners' level class is designed especially for those who are completely new to yoga and are looking for a gentle introduction.

## Finding Balance with Yoga

*Saturday, October 6th, 11a.m. - noon*

Practice finding the place between ease and effort and explore ways to modify yoga poses to find balance in body and mind.

## Yoga for Better Posture

*Saturday, October 13th, 11a.m. - noon*

The focus of this class is awareness of spine alignment and gentle strengthening for better posture.

Disclaimer: This activity is organized and solely sponsored by a recognized parent or community organization in support of the Stoughton Area School District and not by the school district itself. It is recognized that the intent of this activity is to ultimately support students and families served by the Stoughton Area School District. Permission to distribute this material has been granted by the Superintendent.

# STAT Program

*STAT (Stoughton Hospital Teen Activities Team) is a volunteer program designed for students ages 14 to 18 to engage them in healthcare while working with our patients in a supervised, supportive environment.*

**Next Session: September 24 to November 16, 2018 (eight weeks)**

**Commitment: Two hours per week**

**Application Deadline: September 14, 2018**

As a STAT Program Volunteer, a student gains real life experience in a health care setting. The Volunteers are supervised by a recreational therapist and participate in activities to engage patients. Those activities may include visiting with patients, crafts, and games such as Wii, dice, bingo, and cards. Volunteers may also be asked to assist staff with serving snacks and meals.

Volunteers commit to volunteering for two hours a week for eight weeks. The recommended hours are 3:30 to 5:30 p.m. or 4:00 to 6:00 p.m. Monday through Friday.

Ten Volunteers are chosen through an interview process looking for individuals that are interested and enthusiastic about making a difference in the lives of our patients. It is an opportunity for students to become empowered with leadership and communication skills while being exposed to the hospital environment and community. Participation in the STAT Program may also help fulfill education requirements, build a resume for college, and learn new skills while helping others.

The STAT Program is offered four times a year in eight week sessions.

To apply for or learn more information, please contact Stoughton Hospital Human Resources at 873-2213 or 873-2296 or go to our website and click on the volunteer button.

It is recognized that the intent of this activity is to ultimately support students and families served by the Stoughton Area School District. Permission to distribute this material has been granted by the Superintendent.

**Sponsored by the Stoughton Dementia Friendly Coalition & Partners**

# Healthy Living with Diabetes

This researched and proven workshop is designed to help adults with type 2 diabetes or pre-diabetes learn skills and increase their confidence in managing their diabetes. It is for adults who have diabetes or pre-diabetes or are living with someone who has diabetes.

Healthy Living with Diabetes does not replace existing treatments, but rather compliments the treatments a participant receives.

People who have taken the workshop show:

- Better health, healthier behaviors and a sense of confidence in managing their diabetes
- Improvements in blood sugar levels
- Decrease in health distress and hypo- and hyperglycemia
- Fewer doctor and emergency room visits and hospitalizations

Disclaimer: This activity is organized and solely sponsored by a recognized parent or community organization in support of the Stoughton Area School District and not by the school district itself. It is recognized that the intent of this activity is to ultimately support students and families served by the Stoughton Area School District. Permission to distribute this material has been granted by the Superintendent.

**October 2nd through November 6th (six Tuesdays)  
2 to 4:30 p.m.**

**Bryant Health Education Center  
Stoughton Hospital  
900 Ridge Street, Stoughton**

**\$20 per person for the series. Free if you already have the book.**

**To register, please contact Sonja at 873-2356.**

**This series is sponsored by Stoughton Area Senior Center, Stoughton Hospital & Safe Communities**

# Stop Suffering from GERD

## *There's Help for Your Acid Reflux*

**Aaron Schwaab, M.D.**  
General Surgeon  
Stoughton Hospital  
General Surgery Clinic

Antacids and other medication may reduce GERD symptoms, however studies suggest long-term use of GERD medication might be risky. Dr. Aaron Schwaab now offers the minimally invasive LINX procedure which is an effective solution for reflux and may end your long-term dependence on medication.

The LINX device is approximately the size of a quarter.

**Wednesday, October 10th at 6:30 p.m.**

## Len Robock 10<sup>th</sup> Annual Lecture

# Dr. Jonathan Foley

### PlanetVision:

A Global Plan to Build a Better,  
More Sustainable Future

**Thursday September 27<sup>th</sup> 7:00PM**  
**at the H.F. DeLuca Forum**  
**Discovery Building (WID)**

Reception to Follow

For more information visit us at:  
[www.aos.wisc.edu/robocock](http://www.aos.wisc.edu/robocock)

A noted science communicator and world-renowned scientist, Dr. Jonathan Foley's groundbreaking research and insights have led him to become a trusted advisor to governments and business leaders around the world.

In midst of grim news on the global environmental front, Dr. Foley presents a practical plan, PlanetVision, based on the latest science, that could help us build a better future. With recent insights from science, emerging solutions from every part of the globe, powerfully motivating stories of hope, and beautiful images and multi-media, PlanetVision engages large audiences, asking them to help address our biggest environmental issues.
