

# Corporate Volunteer Week 2018

Get involved with your community – be a part of **Corporate Volunteer Week 2018!**

---

## How does Corporate Volunteer Week work?

We compile volunteer projects with nonprofits in Alameda and Contra Costa counties to be completed during the week-long event in September.

The majority of projects are ½ day in length, and many projects are offered on multiple days. Your team of 6-50 (or more) employees can review the projects, and then sign up for the project via our portal. Project descriptions will provide location, times, parking, tasks, and details needed to select a suitable project for your team. Select one or pick multiple projects for your team throughout the week. Thanks to sponsorship, there is no fee for your team to participate. Registration begins in July, and Corporate Volunteer Week is **September 9 – 16, 2018**.

Some examples of projects from past years:

- Preschool art day help
- Park/open space cleanup
- Animal shelter event prep
- Prepare/serve shelter meals
- Thrift store merchandising
- Assemble tech learning kits
- Paint classrooms
- Recess play at elementary school
- Mock interviews
- BTS backpack distribution
- Reorganize/inventory storage space
- Sort & pack food at food bank
- many more!

**Ready to give back?** Please visit <http://www.crisis-center.org/programs/ccvw/business/> for more information and to pre-register for 2018.
