Introduction:
SCS Scholarly Activity (SA) Services

1. Who are SA services available to?
   - Currently participating members (Residents, Faculty, and Fellows) of the MSUCOM Statewide Campus System

2. Which SA services are available?
   Assistance with:
   - Interpretation of your compiled literature
   - Evaluating project feasibility
   - Refining study aim (s)
   - IRB application submission/revisions
   - Completion of data analytics
   - Poster/presentation/manuscript editing

3. When are these SA services available?
   - Year-round but please note: Availability of support member is subject to demands of concurrent project loads, i.e. the total number of other projects being serviced and complexity of said projects by support liaison.

4. How do I submit a SCS scholarly activity consult request?
   - https://scs.msu.edu/sa/consult/
