## **Prevost 100<sup>th</sup> Anniversary Celebration Culminates in Sainte-Claire**

**Sainte-Claire, Québec** (September 14, 2024) – Today, thousands of Prevost employees, customers, suppliers, government officials and local dignitaries celebrated the 100<sup>th</sup> anniversary of [Prevost](#). The gathering took place in Sainte-Claire, the small town where Eugène Prévost founded the company in 1924.

“The success of Prevost is due to our committed employees and loyal customers – many of whom have been with us for generations,” said Prevost and Volvo Group Canada President François Tremblay. “The anniversary is an opportunity to recognize them while honoring the legacy of Eugène Prévost.”

Additionally, in the week prior, 165 Prevost motorhome owners traveled hundreds, and in some cases thousands, of miles to Québec City to take part in a multi-day [100 Year Anniversary Rally](#).

The Sept. 14 event was the culmination of nine months of activities that took place throughout Canada and the United States. The 100<sup>th</sup> anniversary celebration in Sainte-Claire included Prevost factory tours, visits to the Prevost museum, and a special appearance by “Clarissee,” along with food and entertainment.

[Clarissee](#) is a hand-built replica of the wooden body coach that Eugène Prévost fashioned. For years, it was the dream of André Turmel, one of Eugène’s grandsons, to recreate the very first Prevost ever made.

As the 100<sup>th</sup> anniversary approached, the family worked together to make the dream a reality. The project was a labor of love that spanned three generations. The name “Clarissee” was chosen to honor Eugène’s wife who was his biggest champion and tireless supporter.

Coincidentally, Prevost and Sainte-Claire are celebrating anniversaries that mark 100 and 200 years, respectively. Sainte-Claire was founded in 1824, followed by Prevost a century later.

Since January, Prevost has chronicled its 100<sup>th</sup> anniversary on its website – [prevostcar.com](#) – and on [Facebook](#), [LinkedIn](#), [Instagram](#), [YouTube](#) and [X](#). Through videos, images, stories and recollections, the company has captured the history and future of Prevost.
