The following locations will reopen for photo license services only **beginning Saturday, June 27:**

- Seneca Photo License Center, 143 Airport Road, Seneca; hours of operation will be Tuesday, Wednesday and Saturday from 8:30 AM to 4:15 PM.

Photo License Centers process photos only, and individuals must have a camera card for this service.

All other locations not listed will remain closed until further noticed.

What services are available at open Driver License Centers?

As Driver License Centers open, they will offer limited services. Customers will be able to obtain the following services as they plan their visit to one of these centers:

- Commercial Driver License (CDL) transactions, including renewals, replacements, Medical Examiner's Certificates (MECs), date of proof transactions, Hazardous Material Recertifications, and related transactions;
- Initial issuance transactions, including out-of-state transfers, ID card issuance, and related transactions;
- Photo license services;
- Driver license restoration services that cannot be completed online or via mail;
- Medical-related testing; and
- Non-U.S. citizen transaction processing.

The following customer services will not be initially available at Driver License Centers, in an effort to support social distancing and reduce initial volume and demand at driver license centers:

- Non-commercial road testing;
- REAL ID applications and transactions, however, pre-verified customers can apply for REAL ID online; and
- Transactions or services that can be completed online at www.dmv.pa.gov.

When will more DMVs begin to open?

PennDOT will continue to evaluate these processes and will continue to reopen other locations as soon as safely possible. We will continue to communicate any reopening and changes with the public. Currently, only some driver license and photo license centers in yellow phase counties have reopened.

Are there additional safety protocols for open Driver License Centers?

The following COVID-19 safety protocols will be in place in all reopened Driver License Centers and Photo License Centers:

- Customers will be prescreened and asked brief questions regarding any potential symptoms of COVID-19;
- Customers will be required to wear masks while in the facility;
- Seating will be reduced at all Driver License Centers to make social distancing easier to maintain six feet distances between each seat;
- The number of customers will be limited to correspond with available counter stations and available seating in the customer waiting area only;
- Admittance to the facility will be limited to only the customer requiring service, unless assistance is needed by an accompanying person;
- Plexiglass sneeze guards have been installed at each counter to protect customers and employees;
- Cleaning protocols have been enhanced to sanitize facilities on an ongoing basis; and
- Markings on floors have been added to assist with social distancing along with signage to communicate special instructions to customers.

What if my driver's license, photo ID card, learner's permit, or camera card is scheduled to expire?

Driver licenses, photo ID cards and learner's permits scheduled to expire between March 16, 2020, and June 30, 2020, the expiration date is now **extended until June 30, 2020**.

A camera card is considered a driver's license so it is covered by the same terms and conditions extending other driver's license products.

Driver licenses and photo ID cards may also be renewed online at any time.

Effective May 10, 2020, All customers who renew their non-commercial driver's license or ID online or both commercial driver's license and non-commercial driver's license along with identification cards through the mail will receive a new product using the current photo of that individual that exists in our system. No camera cards will be issued to these customers, and they will receive their new product by mail within 15 days. The renewal process is complete when customers receive their final product in the mail.

Individuals who renewed a product on or before May 10 will still receive a camera card in the mail and will still need to visit a PennDOT Photo License Center upon reopening to obtain an updated a photo.

This change in the renewal process is a mitigation effort to reduce the spread COVID-19 and keep both our customers and our employees safe as PennDOT reopens driver license and photo license centers. This measure will assist social distancing at all centers by reducing the number of individuals who need to visit a center.

If a customer's license is nearing expiration and they were planning to get a REAL ID at their time of renewal, they can renew their license or ID and get a standard, "NOT FOR REAL ID PURPOSES" product. The issuance of REAL ID is currently suspended until further notice as a mitigation effort in preventing the spread of COVID-19.

The Department of Homeland Security has extended the deadline for REAL ID to Oct. 1, 2021. REAL ID issuance will resume in late 2020, and these customers can return to upgrade to a REAL ID. When REAL ID's are available again and assuming a customer opts in for a REAL ID at that time, the expiration date of the initial REAL ID product will include any time

remaining on the current license or ID card, plus an additional four years, unless you are over 65 and have a two-year license. Customers won't "lose" time that they've already paid for. After the initial REAL ID product expires, the customer will pay no additional fee, beyond regular renewal fees, to renew a REAL ID product.

If I have to go in to get my picture taken, what is the guidance to safely get it renewed if I am high risk?

In all reopened driver license and photo license centers, the following COVID-19 safety protocols have been put in place to keep both our customers and employees safe:

- Customers will be prescreened and asked brief questions regarding any potential symptoms of COVID-19;
- Customers will be required to wear masks while in the facility;
- Seating will be reduced at all Driver License Centers to make social distancing easier to maintain six feet distances between each seat;
- The number of customers will be limited to correspond with available counter stations and available seating in the customer waiting area only;
- Admittance to the facility will be limited to only the customer requiring service, unless assistance is needed by an accompanying person;
- Plexiglass sneeze guards have been installed at each counter to protect customers and employees;
- Cleaning protocols have been enhanced to sanitize facilities on an ongoing basis; and
- Markings on floors have been added to assist with social distancing along with signage to communicate special instructions to customers.

What if my vehicle registration, safety inspection, or emissions inspection is scheduled to expire?

Vehicle registrations (**including apportioned and fleet registrations**), safety inspections and emissions inspections scheduled to expire from March 16 through May 31, 2020, the expiration date is **now extended until June 30, 2020**.

[Vehicle registrations may also be renewed online at any time.](#)

Are temporary titles and registrations also extended through June 30?

The extensions for titles and registrations also apply to temporary title and registrations. All registrations and titles that expire between March 16 through May 31, **now have an expiration of June 30**.

What if I had a scheduled driver license exam?

Customers who have skills tests scheduled on or after June 2 will be able to obtain a driver's skills test at all open Driver License Centers that perform skills testing. The skills test has been modified to mitigate potential exposure of PennDOT staff and customers while maintaining the integrity of the testing process.

Customers whose driver's skills tests were canceled due to the COVID-19 emergency will be given priority in rescheduling skills tests by contacting the PennDOT Driver and Vehicle Services Call Center at 717-412-5300. All other customers will be able to schedule a skills tests in the appointment system beginning June 20, 2020.

As part of the enhanced safety measures for non-commercial skills test the following safety protocols will be in place:

- PennDOT staff will remain outside the vehicle during the entire skills test and the test taker and accompanying driver will remain in the vehicle.
- In yellow phase counties, examiner will conduct basic health pre-screening of applicant. If applicant is displaying any COVID-19 symptoms, test will not be administered. There will be no pre-screening for customers in green counties.
- All customers and accompanying drivers must wear appropriate face masks during testing.
- Examiners will be required to wear appropriate personal protective equipment such as masks, gloves, eye protection during the exam.

- Examiners will utilize iPads during the administration of testing, which will be routinely disinfected using wipes or spray sanitizer.

PennDOT-Authorized Third Party Testers in yellow or green counties are also available for non-commercial testing and adhering to restrictions on work and social interaction set by Governor Tom Wolf and the Department of Health. They must follow official phased reopening guidance outlined by the Governor's Office and the Department of Health. For a list of PennDOT Authorized Third Party Vendors, please visit our website at www.dmv.pa.gov.

Will permit tests be done at open DMVs?

Open locations are offering initial issuance transactions, which include permit testing.

Please note that as PennDOT reopens driver license and photo license centers, services will be in high demand, and customers should expect longer than normal waits. PennDOT staff will work with each customer when they arrive to plan their visit, with additional staff serving as greeters to screen documents and provide information for a smooth and safe transaction as possible.

What if my persons with disabilities parking placard is scheduled to expire?

Persons with Disabilities Parking Placards scheduled to expire from March 16 through May 31, 2020, the expiration date is now extended until June 30, 2020.

What should people do if they have a suspended license that they are now able to get restored? Who should they contact? Has the process changed at all since many employees are working from home?

PennDOT continues to provide restoration services and the process has not changed, which may be completed [online](#). Longer than normal wait times may be experienced. You may also call 717-412-5300 for more information.

What do I do if I have the Interlock System and I was supposed to get it removed this month? I am still paying for it and I can't get it taken out, what can I do to move forward in this process?

Ignition Interlock vendors as well as their installation and removal centers have remained opened, and these services remain available. Additionally, PennDOT has continued to process Ignition Interlock compliance forms submitted by Ignition Interlock vendors and applications for unrestricted driver's licenses submitted by customers.

For drivers who've been reported for medical review.

Until further notice, PennDOT is modifying its medical review operations for drivers that have been reported to the Medical Unit. Specifically, drivers will be provided up to 60 days from the date on their letter to provide any requested forms or information, even if the correspondence indicates 30 days. Customers who need a driver's test will be provided an additional 30 days from when our Driver License Centers open to successfully complete that testing. Medical recall dates will not be extended due to highway safety concerns. Any completed forms or questions can be directed to the Medical Unit at ra-pdmedicalunithelp@pa.gov.

What if I need to go through a TSA checkpoint and my license or ID is expired?

The Transportation Security Administration has provided a written commitment to accept post-March 1 expired driver licenses and ID cards that may be presented at the airport security check point. Details available at www.tsa.gov/coronavirus [Opens In A New Window](#).

Travelers with a state driver's license that expired beginning on March 1, 2020, and who are not able to renew at their state driver's license agency may still use it as acceptable identification at the checkpoint. TSA will accept expired driver's licenses a year after the expiration date, plus 60 days after the duration of the COVID-19 national emergency.

How long will it take to get documents via mail?

Due to our operational changes, most mailed products will be delayed until normal operations resume.

Has PennDOT issued any waivers for school bus drivers during this COVID-19 emergency?

Yes. PennDOT has issued a waiver of the annual physical examination requirement under 67 Pa. Code §71.3, which requires school bus drivers to have an annual physical examination, provided that the school bus driver has proof of a valid physical examination that expired on or after March 13, 2020. The affected school bus drivers shall have until May 31, 2020, to complete a new physical examination.

This waiver does not apply to drivers who cannot produce evidence of a prior physical examination that expired after March 13, 2020; new drivers who have never completed a physical examination; drivers who, since their last physical examination, have been diagnosed with a medical condition that would disqualify the driver from operating a school bus; and drivers who, since their last physical examination, have developed a condition that requires a medical waiver. This waiver also does not apply to drivers required to undergo additional 3-month examinations under 67 Pa. Code §71.3(b)(4)(B)(I) unless the driver has completed the required 3-month examination.

Additionally, the waiver of requirements of recertification of the school bus endorsements for school bus drivers whose endorsements are scheduled to expire after March 13, 2020, the requirement to renew the school bus endorsement is waived until May 31, 2020.

Is there an extension on removing studded snow tires?

The date for the removal of studded snow tires is April 15, 2020. The deadline has not been extended under the Governor's Emergency Proclamation. Local law enforcement is responsible for the enforcement of the requirement to remove studded snow tires.

For Updated Product Expirations including Apportioned Renewals

In an abundance of caution, PennDOT will not be returning to the farm show this year for its annual apportioned renewals. Apportioned registrants should mail their apportioned renewal applications to the Department for processing. Apportioned invoices may be paid by certified check, cashier's check, money order or wire transfer.

Effective May 12, 2020, expiration dates for vehicle registrations, safety and emission inspections and Persons with Disability parking placards will be extended for Pennsylvania residents in response to statewide COVID-19 mitigation efforts.

Deadlines on the following products will be extended as follows:

- **Vehicle registrations of all classes** which includes, but not limited to, mass transit vehicle registrations, **apportioned vehicle registrations, fleet vehicle registrations**, dealer plate registrations, temporary registrations and biennial farm exemption certificates scheduled to expire from March 16 through May 31, 2020, the expiration date is **now extended through June 30, 2020**.
- **Safety inspections and emissions inspections** scheduled to expire from March 16 through May 31, 2020, the expiration date is **now extended through June 30, 2020**.
- **Persons with Disabilities parking placards** scheduled to expire from March 16 through May 31, 2020, the expiration date is now extended through June 30, 2020.

For more information on Apportioned Registration Renewals please visit our website at <https://www.dmv.pa.gov/VEHICLE-SERVICES/Title-Registration/Apportioned/Pages/default.aspx>.
