**FOR IMMEDIATE RELEASE: July 27, 2021**

### **FULLINGTON TO INCREASE DAILY DEPARTURE INTERLINE SERVICES SEVEN DAYS A WEEK**

**State College, PA:** The Fullington Auto Bus Company is pleased to announce that it will resume full interline and express bus service beginning on September 1, 2021.

Many members of our rural communities rely on this public transportation service and some have been extremely challenged for quite some time in moving to necessary destinations. Fullington resumed partial service in August of 2020, taking a cautious approach at resuming service. We will continue to abide by the Transportation Security Administration's current Executive Order (<https://www.tsa.gov/coronavirus>) and follow guidance regarding face masks on all public transportation.

Tickets are currently available at [www.trailways.com](http://www.trailways.com) and terminals will be reopening September 1. Please remember that a printed ticket will be required for all travel on Fullington schedules at this time. For ticketing and customer service needs, our Customer Care Center is available at 1-800-858-8555.

Since 1908, The Fullington Auto Bus Company has served Pennsylvania and beyond with safe, reliable and comfortable transportation services. Fullington Trailways is the leading and most recognized transportation provider in our area, serving educational groups, sports teams, church groups, and corporate VIPs.

The Company began operations in 1908 when Emerson M. Fullington and his three sons began a livery and surrey company in Clearfield. Michael and Lory Fullington are committed to continuing the legacy of service passed down through four generations of Fullington's over the past 112 years.
