About Our Event!

The Greater Richmond TICN warmly invites you to join us for our Community Resource Mapping Event. Guided by the VA Heals Toolkit, the event will serve as an opportunity to identify current resources, learn about community needs, and cultivate new relationships across organizations that work with children, youth, and families in the Greater Richmond region.

Lunch will be provided!

Event Highlights

Diverse Collaboration

The event thrives by inviting resource providers coming from various communities such as Education, Court, Public Health, and Advocacy.

Refer Resources

Expand your knowledge of available service providers in the Greater Richmond area and refer them to your clients needing support.

Support Youth and Families

Provide youth and families with diverse resources that specifically address their needs.

Identify Gaps

Discover populations that may be lacking accessible support services.
