

10,000 Gallons of Water Annually.

That's the amount of water each unit in your asset will likely leak over a year. With Leak Shield, you can stop those costly drips and save thousands of gallons each year equating to significant savings for your Association. Our cutting-edge technology, featuring ultra-sensitive ultrasonic pressure sensors and advanced AI, actively monitors your water usage 24/7 from a local response center staffed by professionals, detecting leaks from a single drip to catastrophic bursts.

Key Benefits:

- Real-time leak detection actively monitored by our agents
- Entire property monitored from local, staffed response center
- Monitors pressure and flow 240 times per second
- Protects against toilet flapper leaks, supply line leaks, catastrophic damage
- Daily plumbing check-up to insure a water-tight property
- Save up to 10% on your water bill
- Potentially reduce insurance premiums by 15%*

Leak Shield is your all-in-one solution for complete water protection. Don't wait for a disaster—act now to safeguard your property.
