

Media Release Form – St. Andrew’s Episcopal Church

Photos bring life to and help tell the story about St. Andrew’s. We share photographs on our website (www.standrewsirvine.org) of congregation members engaged in activities and events that highlight our vibrant community. However, we value your privacy and wish to make sure that everyone is comfortable with our practice of using images of our church family.

Photo policy: St. Andrew’s website will display photographs of members engaged in church activities without identifying people in the photos except by first name. Minors will never be individually identified. After publication, the subject of a photograph may request its removal from the website by contacting Ellen Quandahl or Catherine Sharbaugh.

Our worship services are video-recorded. The livestream remains visible on our Facebook Live page for 6 weeks. Those who do not wish their images to appear in the livestream may ask an usher for assistance.

By choosing the appropriate option below, you will be either granting or denying permission to St. Andrew’s to use photographs of yourself and/or your children.

___ Yes, I will allow St. Andrew’s to use photographs of adults in my household on our website.
