

**Saint Andrew's**  
EPISCOPAL CHURCH  
& CHILDREN'S CENTER

## St. Andrew's Episcopal Church

### 20-Year Time Capsule Project – To Be Opened in 2042

#### *Congregation Thoughts*

How did the start of the COVID pandemic in March 2020 – with business, work and school closures – immediately affect your personal life?

Virtual school classrooms, virtual work settings and Zoom meetings – describe the challenges you faced.

During periods of isolation, how did you spend your time?

Did you take up a new hobby, reconnect with an old friend or finally reorganize those closets?

St. Andrew's canceled in-person Sunday worship services for many months, but offered outdoor and virtual services. Did you watch the virtual services? What feelings and emotions did you experience during this time?

Upon returning to in-person services, what was the most powerful emotion you felt?

Did you lose a loved-one to the virus? Were you ill with the virus?

If there's a silver-lining during or after a pandemic, what is it for you?
