Total Cost: $25,000

5.

on monthly basis. Sometimes I go to a computer cyber cafe where they provide computer on rent and charge hourly basis. Sometime I borrow wi-fi and laptop from my neighbour for my studies. I know the time is gonna pass and things will become better in future.

When I was 6-7 years old, I started going to church and in a camp in 2013 met Jesus christ and accepted him as my personal Saviour. From that time He's always with me and I get strength by Prayer. He always listened to my prayers and answers me. I have strong faith in christ that he will make everything better and He has best Plan for me.

Getting this chance of studying nursing in the USA is the biggest golden opportunity for me and I beleive this is the turning point of my life and I can make a good change for my family and do something for the ill people who has been suffering like my mother. I give all praises to almighty Good that he choose me that I got enrolled in Lassen community college and sent Christi in my life. I will always be grateful to christi. She has helped me a lot even in this covid-19 situation, she made everything worked for me and still doing a lot for me.

Support Options
