

HSPT Test Prep Class **(Catholic High School Entrance Exam)**

Dear Incoming Eighth Grade Families,

In preparation for the Catholic High School Entrance Exam (HSPT) taking place in December, Mrs. Megan Kucia (certified High School English teacher) and Mrs. Ruby Amoroso Draus, (certified Middle School Math teacher) will once again be offering a prep class this summer. We are very excited to offer this class IN PERSON, as we have held virtual classes for the past two years. We have reserved a meeting room in the Westchester library that affords space to spread out as needed.

We will concentrate on test-taking strategies, time management, and the five HSPT sections: Verbal, Quantitative, Reading, Math, and English. Weekly homework will be assigned in order to strengthen skills taught in class. Homework will not be lengthy. We have had great success with this class for the past ten years, with many students even earning scholarship money!

People often ask us why it is beneficial to take the summer class. We offer a summer class because it is a chance to concentrate specifically on the HSPT skills and take advantage of the opportunity to do so while the stress of regular classes and busy schedules subsides for a while.

Sincerely,

Mrs. Megan Kucia: megan.kucia@gmail.com

Mrs. Ruby Amoroso: ramoroso@holycross-batavia.org
