

LOVELY LETTERING RETREAT

with Loredana Zega

Loredana takes care to teach her students

This relaxing 3-day retreat will help improve your lettering, design and study skills in the peaceful setting of the Springhill Retreat Center located in Richardson, Texas.

Dancing with Pens, Dry Brush Flame Script Lettering and Experimental Embossing are the areas students will explore, discover and learn. Open to intermediate and advanced ability levels. (Should have knowledge of one or more lettering styles with knowledge of lettering tools). Space is limited to 15 adult students.

DANCING WITH PENS

Students will learn how to develop the skill of dancing with a pen...naturally. Just as a dance with a partner, moves with rhythm and flow, students will learn how to feel the lightness of strokes using pen manipulation with ease. The exercises Loredana has developed for learning consistency and rhythm provide an excellent opportunity to increase concentration while boosting your confidence as a calligrapher, no matter what tool you pick up to use.

DRY BRUSH FLAME SCRIPT LETTERING

Students will explore the patterns and translucent paths and textures of the flat brush using color, various brush positions and layering skills to create designs for backgrounds or final artwork.

EXPERIMENTAL EMBOSSING

Enhancing your lettering with raised in relief, repoussé-like technique, but in paper. Loredana uses color, metal leaf and varied pressure to gain a gorgeous finished piece of artwork.

TUITION - EARLY BIRD
